1. Set the date and time. The date can be today or earlier, not a future date.
2. Enter the location, how many attended, and how many were first-time. First-time cannot be more than the attendees.
3. Write what the group did. Comments, prayer requests, and the amount spent are optional.

Reports

The Reports tab has four cards: Fellowships, Follow-ups, Next Fellowship, and Expenditures. Each card shows a short summary, so you often do not need to open it.

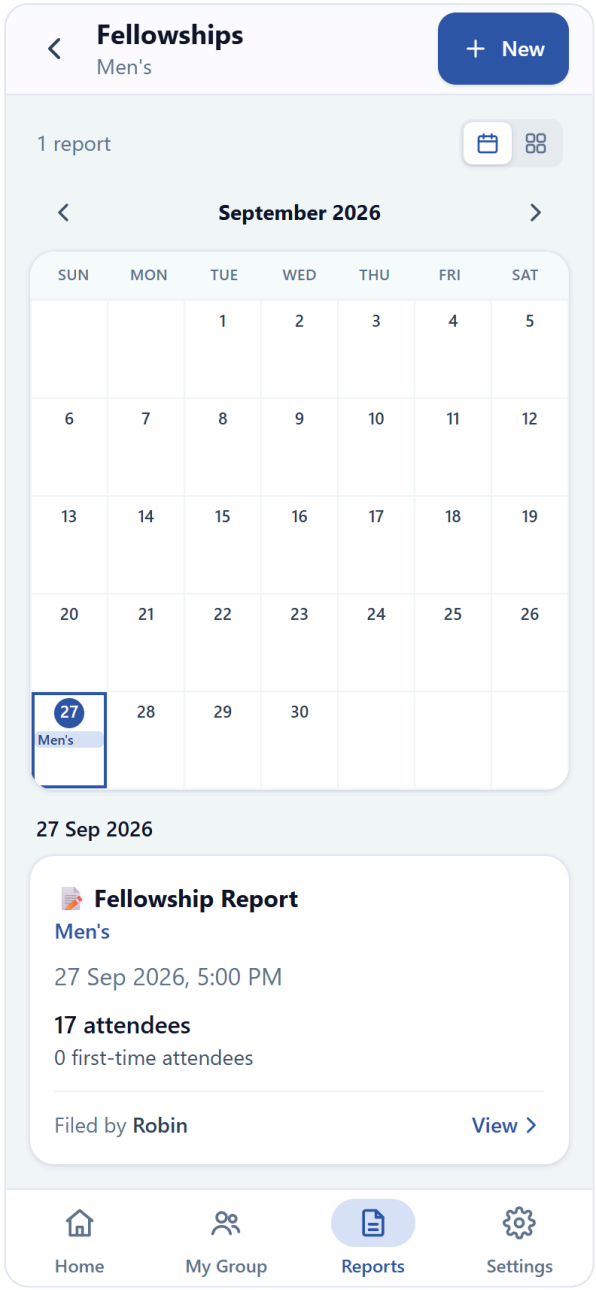

Tap a card to see that list, newest first. Tap any row to open the full report. New Report is at the top right.

Calendar view

After you tap a card, two icons sit beside the count. The calendar icon opens the month. The other icon returns to the list.

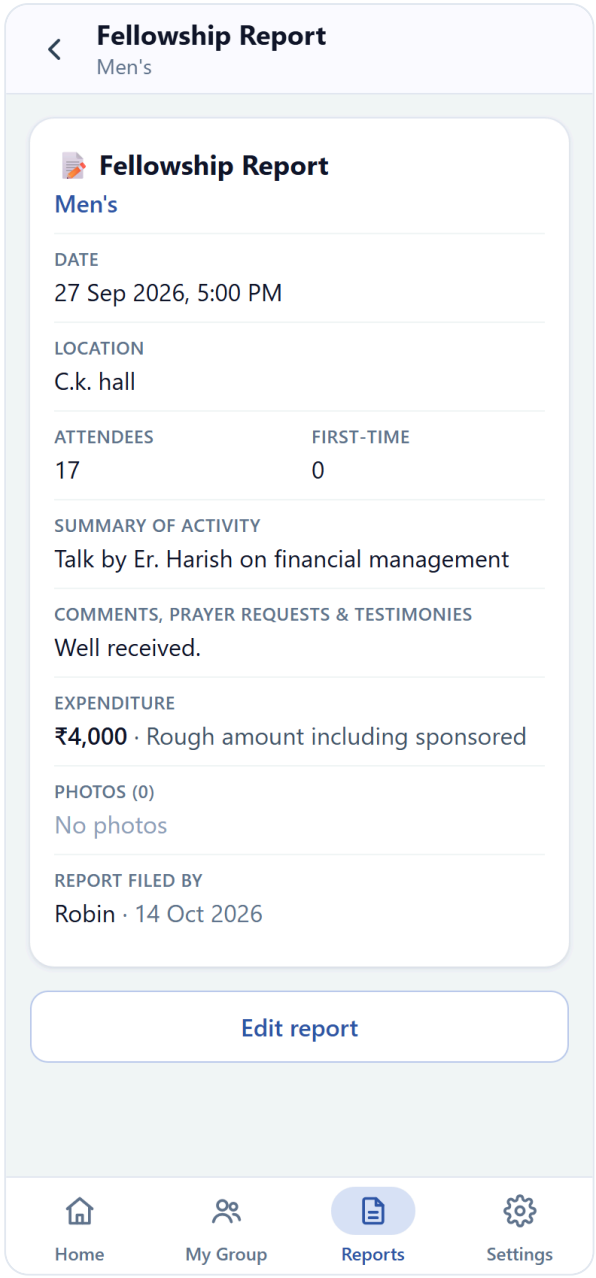

- The arrows move to the previous or next month.
- A day with a report is marked with the group name.
- Tap that day. The reports for it appear under the month. Tap View to open one.

A report's details

The detail screen shows every field, including who filed it. Tap a photo on a report or the group page to open it full screen, then close when you are done.

The latest fellowship or follow-up has Edit report, so you can correct it. Older ones stay as they were filed.

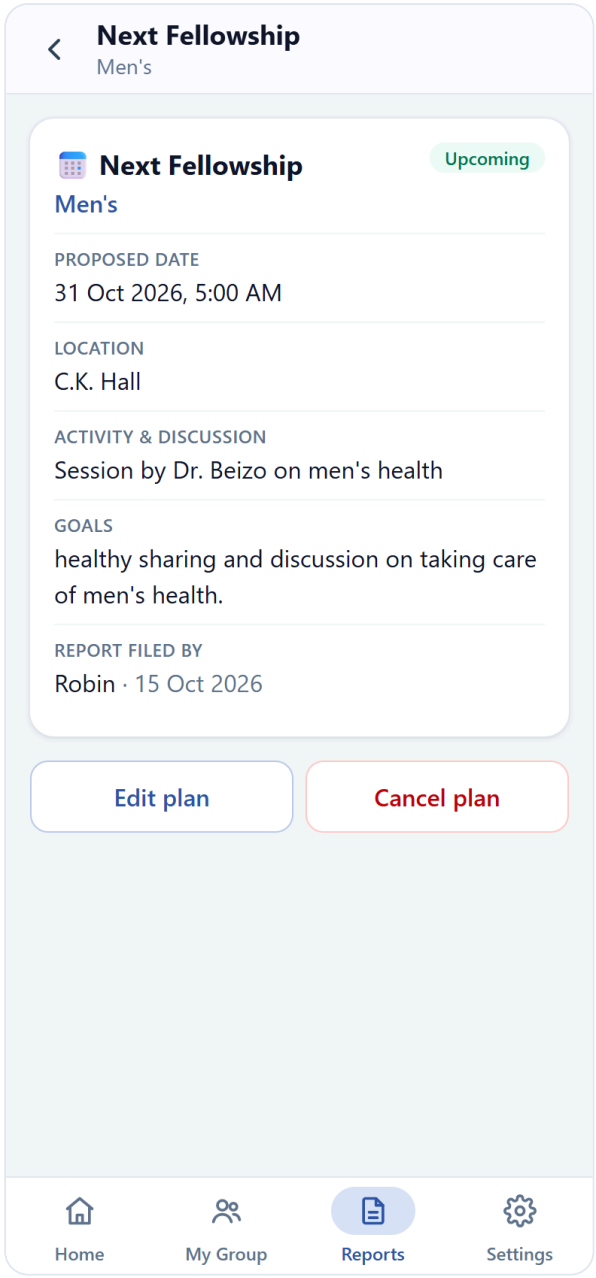

Change or cancel a plan

Open an upcoming plan from Home, My Group, or Reports.

- Edit plan changes the date, location, activity, or goals. Tap Save changes when you are done.
- Cancel plan asks you to confirm. The plan stays in your reports and no longer counts as upcoming.

Those buttons show only while the plan is still upcoming.

My Group

My Group shows the photo, name, how often you meet, the leader, and assistant leaders.

Edit group profile changes the name, category, and photo. The next fellowship card opens that plan. View group reports opens the Reports tab.
